Re: *Inline Connection Corp. v. Verizon Internet Services, Inc. et al.*
C.A. No. 05-866-JJF (D. Del.)

Dear Carl:

In response to your March 3 letter to me, we ask that you reconsider your decision to withhold from the Verizon defendants copies of the Mercury Communication/Pi-Squared related documents that I requested in my February 28 letter to Mike Plimack and Joël Van Over (copy attached).

The documents in question go directly to the heart of the "ownership" issue and Inline's standing to bring the present action against the Verizon defendants and/or its ability to continue to maintain that action in its present form. Judge Thyng has ordered Inline to produce all of the non-privileged Mercury Communication/Pi-Squared related documents to AOL and Earthlink in the co-pending *AOL/Earthlink* litigation. There is no legitimate basis for your withholding these same documents from the Verizon defendants in this case.

Unless we receive copies of all of the requested Mercury Communication/Pi-Squared related documents by close of business tomorrow (March 10), we will have no choice but to proceed in good faith reliance on the public record description of those documents during the February 28 hearing in the *AOL/Earthlink* case.

Sincerely yours,

John B. Wyss

Re: *Inline Connection Corp. v. Verizon Internet Services, Inc. et al.*
Case No. 1:05-cv-866-JJF (D. Del.)

Dear Mike and Joël:

During the telephonic hearing this morning before Judge Thyng in the *AOL/Earthlink* litigation, counsel for AOL and Earthlink referred to documents relating to certain entities, "Mercury Communication" and "Pi-Squared," that have recently been produced by Inline to defendants in the *AOL/Earthlink* case. In addition, Judge Thyng ordered Inline to produce all other non-privileged documents that refer or relate to the Mercury Communications and Pi-Squared entities.

We have not received any of the referenced documents previously produced to AOL and Earthlink. We specifically request that:

1. You produce to us by fax or email all of the Mercury Communication/Pi-Squared related documents previously produced to AOL and Earthlink; and
2. You produce to us all additional Mercury Communication/Pi-Squared related documents at the same time that they are produced to AOL and Earthlink in the future.

Please confirm that you will produce the Mercury Communication/Pi-Squared related documents as requested above.

Sincerely yours,
